## Rules and Regulations

Athletes need to meet the outlined eligibility criteria for participation and adhere to the Rules and Regulations.

- Disciplines: DJ & SS
- Video submissions must include one feature / one trick only (videos with multiple tricks/features will not be considered)
- The trick must be from a FMBA sanctioned competition (can be from a qualifications run or finals run) where the rider received a judged score and rank. Video's filmed outside of a FMB sanctioned competition will not be accepted. This means any tricks recorded in training or from a 'best trick' contest do not count.
- Videos can be from a webcast or from a phone
- Videos must be filmed within the 2023 season. Video's do not need to be filmed within the submission timeframe.
- One submission per rider. This means riders will need to select which event level they want to submit their Best Trick for and can only submit one trick for that event level
- For a video to be considered for judging, it needs to follow the submission rules outlined below. Videos not submitted correctly, will not be considered.
- Rules & Regulations are subject to change.
